SAFTEY

Kirby Location:

If you are in the studio by yourself lock the key code door and the kids can be buzzed in, if there are other members in the gym this can be left open.

When children need the toilet, they must go one at a time and the door must stay open to be aware of any unusual noise or other person.

Ainsdale Gym Location:

The door is a buzz in door, so no one can access the building unless authorized by the gym or ourselves. If there is a member of staff on the desk (which there usually is on a Friday evening) the buzzer won't be on but will have to greet a member of the gym staff on the floor before accessing anywhere in the building,

When children need the toilet, they must go one at a time and the door must stay open to be aware of any unusual noise or other person.

Formby Location:

The studios are all key coded this ensures no one can get in the building without this code, we will also be keeping the door and curtain to the door shut at all times, unless a child is using the toilet.

Ainsdale Church Hall Location:

The front entry door will be locked from the inside for the pupils 5 minutes after the class starts, if you are running late please let us know and we can come to open the door for you. (there are other fire exits that is available to open from the hall itself, so we can easily exit the building if required)

Please make sure you keep us up to date with any new contact or additional information.
